HEAVY EQUIPMENT PARTS & SERVICE

## Excavator Track Adjuster Assemblies

### Excavator Track Adjuster Assemblies

*Heavyquip provides a wide range of complete ITR Track Adjuster Assemblies, Recoil Springs, Track Adjuster Seal Kits, and Components for use on a broad range of popular excavator applications.*

*Maintaining proper track tension is critical to receiving satisfactory track life. Adjusters are designed to absorb shock, provide proper track tension and protect idlers and track systems. Weak or broken recoil springs, poorly functioning adjusters may shorten track and idler life.*

*ITR adjusters and recoil assemblies are engineered to provide proper tension, excellent service in demanding applications and extreme operating conditions.*

*Manufactured to rigid quality standards and inspected to insure a proper fit & function in the field.*

*Heavyquip provides an extensive coverage of Track adjusters, Recoil springs, Components and parts for excavators dozers, track loaders, and utility equipment.*

Featuring quality products from ITR and other fine manufacturers
